

October 16, 2020

Yorkdale Central Staff, Students & Families,

Due to the positive case of COVID-19 at Yorkdale Central School, Public Health has organized a drive-through mobile testing site for individuals who would like to voluntarily be tested. This will take place on Monday, October 19, 2020 in the Yorkdale Central School staff parking lot. Grade 5W students and their families, and YCS teachers will be given priority for the testing, however all are welcome. A second day of testing will be scheduled if there is an abundance of registrants.

October 19, 2020 schedule:

- Students & Families 9:00 am to 3:30 pm
- Staff During lunch or between 3:30-4:00 pm

Pre-registration is mandatory for the mobile testing. Registration closes at noon on Sunday, October 18. To register, visit [gssd.ca](http://gssd.ca). The form is posted at the top of the webpage.

If your child is under the age of 18, verbal consent from a parent or guardian will be required at the testing site. Please ensure that you bring your health card with you.

For more details, you may access the Infographic, Testing Site Map, and Information Required for COVID-19 testing form on the website at [gssd.ca](http://gssd.ca) > COVID-19 Response > GSSD COVID-19 updates from GSSD button.

Sincerely,
