

Dear Parents,

The students of MC Knoll have spoken and their choice for a replacement structure for the Grades 3-6 playground was unveiled at the 2019 Christmas concert. We would like to thank all those who donated money for a parking spot or bought raffle and 50/50 tickets at that event. It was a great kickoff to our fundraising efforts.

As you know the MC Knoll playground is over 20 years old and in recent years, has started to quickly deteriorate. We have been informed that in the next year or two the structure that is used by grades 3-6 will be considered unsafe. We have decided to replace it as quickly as possible, followed by the replacement of the kindergarten to Grade 2 structure.

The structure, shown above, is from the company Playquest located in Humboldt, SK and will replace the grade 3-6 structure. It will cost about \$100,000, of which we have already raised \$10,000. This price includes the structure, wood fiber fill to replace the sand and installation. In order to raise enough funds to make our playground a reality, we need your help.

This playground has been specifically chosen by the large majority of our students from grades 1-6 and will offer endless hours of play for not only our students but by all kids in our community. We are asking that you please consider making a donation towards the playground so that our students have a fun and most importantly, safe structure to play on. No donation is too small and every donation will go directly to the playground fund.

We also know that we have many parents at our school who may have a place of employment that would consider making a donation. We have created a sponsorship structure to ensure that we are recognizing families and businesses who make a donation.

If you are able to make a donation please fill out and return it to the school. We appreciate any support that you can give.

Thank you!

MC Knoll SCC
