

## PARENT ACKNOWLEDGEMENT OF ENROLLMENT IN AN ALTERNATIVE EDUCATION PROGRAM

Student:

Date:

School:

Grade:

As a result of formal and informal assessment and consultation with parents/caregivers, teachers and educational personnel, it is the recommendation of the educational team that you be placed in the Alternative Education Program.

I have discussed and fully understand the following:

1. program goals and content;
2. differences between Regular, Modified and Alternative Education Programs;
3. differences between a Regular and Alternative Grade 12 Diploma and implications for career and post-secondary choices;
4. methods of program delivery; and,
5. rationale for recommending the program.

I understand the recommendation for Alternative Course placement and realize that my child will be working on Alternative 18, 28, and 38 level courses which do not meet the admission requirements for post-secondary educational institutions.
