

STUDENT APPEALS

Background

Students have the right, under law, to natural justice. The Director has established the following procedure whereby appeals on educational matters that cannot be resolved at the school level may be further reviewed at the Division level.

Procedures

1. Principals shall ensure that parents/guardians are made aware of school and Division appeal procedures at the beginning of each school year.
2. Every decision must be directed toward the educational interests of the student and must consider the impact of the decision on the total population of students served and the availability of resources.
3. All principals, in consultation with staff, shall develop a School Appeals process.
4. An appeal at the Division level may be initiated by any party directly involved in the matter under dispute. However, such appeals shall be only after all attempts at resolving the problem at the school level have proven unsuccessful.
5. Appeals shall be filed with the Director within fourteen days of any final attempts to resolve the matter at the school level. The appeal shall be in writing, and shall state the nature of complaint, and outline the steps that have been taken to attempt to resolve it. A copy shall be provided to the principal, and to any other parties directly involved in the grievance.
6. Within fourteen days of the receipt of a Division appeal, the Director or designate shall review all relevant information pertaining to the matter. This may include any or all of the following:
 - 6.1 An examination of marks/records/reports
 - 6.2 Consultation with parties who may have information relevant to the case
 - 6.3 A personal interview with the person lodging the appeal
 - 6.4 Consultation, as required with external agencies (e.g. Saskatchewan Learning)
7. The decision of the Director or designate shall be conveyed to all parties concerned, in writing, as soon as possible.
8. Students and/or their parents/guardians may have the right of appeal to the Board.
