

School Counselling Services

During this time of uncertainty, GSSD remains committed to supporting the well-being of our students. Despite schools being closed, our School Counsellors will still be accessible to all of our students and families. If students require additional emotional or social support, you can reach out to their respective School Counsellor by email. Emails will be checked and responded to during regular school hours. In the event of a crisis or emergency, please contact your local hospital, police department or call 911.

Additional support services you can also reach out to include:
