

## Credits Towards Apprenticeship

The following table provides information on how many trade time hours the Saskatchewan Apprenticeship and Trade Certification Commission may recognize when a person indentures as an apprentice.

High School Program/Course	Trade Time Recognition
SYA (incomplete)	100 hours per level. No financial benefit.
SYA (complete)	300 hours. Eligible for indenture fee, first year tuition and scholarships.
PAA Pure* Courses ( <i>Autobody, Commercial Cooking, Cosmetology**, Construction and Carpentry, Electrical and Electronics, Horticulture, Machining, Mechanical and Automotive, Welding</i> )	100 hours per course
PAA Survey Courses	70 hours per course
Career and Work Exploration (CWEX)	70 hours per course
Additional PAA Courses – in a designated trade and developed by the Ministry of Education and approved by the SATCC Trade Board - ( <i>Food Studies, and Tourism, Hospitality and Entrepreneurship</i> )	Maximum 100 hours per course
Apprenticeship 20 and 30	Hours can be documented on a Form 6A for the applicable trade. These are submitted to the SATCC upon indenturing as an apprentice in this trade.
Locally Developed Courses – in a designated trade and following Ministry of Education and SATCC Trade Board approval	Maximum 100 hours per course

\*There are two types of PAA courses—pure and survey. At the secondary level, a pure course is comprised of modules from the same PAA curriculum and a survey course is comprised of modules from a minimum of three PAA curricula to total 100 instructional hours.

\*\* The Hairstylist trade has a special arrangement. Please contact SATCC for more information.

**NOTE:** Students who are employed in a designated trade outside of course hours can submit time for credit. For example, a student is participating in a CWEX work placement may get trade time based upon their CWEX high school credit. If the student is employed in the designated trade outside of their work placement hours, they can submit Form 6A's to the Saskatchewan Apprenticeship and Trade Certification Commission for the work in the trade when they register for apprenticeship. Trade time acquired outside of school must be submitted on Form 6A's and all Saskatchewan Apprenticeship and Trade Certification Commission regulatory requirements apply.
