Accountability Report

Effective Policy & Procedures – Transportation

Ryan Hall, Transportation Manager, joined the meeting to present the Accountability Report on Transportation which fits within the Effective Policy and Procedures strategic priority.

Targets set out by the Transportation Department include:

- Re-implement the scan card project for the 2022-23 school year, as continued testing has led to improved performance and results.
- Collaborate with HR and other divisions to improve recruitment strategies.
- Analyze fuel usage to minimize costs.

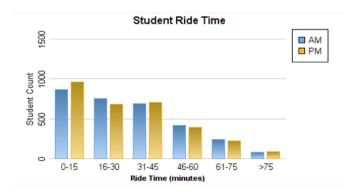

Key Strategies Employed during the 2021-22 year:

- Collaboration with senior management, the education team, and the public to reconfigure the boundaries and grade configurations of the Melville and Grayson attendance areas.
- Continue to build relationships between bus drivers, administrators, and families.
- Modified tender documents to better specify what is needed in the fleet renewal plan.
- Discussion with senior management, Saskatchewan Health Authority, and the education teams to deal with COVID-19 concerns and closures.
- Discussion with bus drivers and local government officials regarding road conditions related to weather during the 2021-22 school year.
- Upgraded the Cummins software to provide the technicians in the bus garages more control of programming. This has allowed us to save funds by keeping more repair in-house.
- Continue to evolve the team-based decision-making focus in the transportation department.

Hall shared with the Board that the number of bus route cancellations was significant this year due to the abnormal weather conditions, bus drivers being required to self-isolate, and the lack of spare drivers which result in vacant route coverage.

Hall was pleased to share that rider totals are up from last year however, the Transportation Team has ensured efficiency by having fewer routes and fewer daily kms, while decreasing the average ride time by nine minutes (average ride time is 31 minutes).

Board Development

Understanding the Role of the Centralized Library

Susan Robertson, Curriculum Consultant, presented the 10 fast facts on understanding the Centralized Library.

- 1. The GSSD Centralized Library has over 9,235 titles.
- 2. Circulation in the GSSD Centralized Library is steadily rising. In one month, we have an average of 1,200 circulations. We are continually working on promoting resources through our Twitter account, GSSD Facebook, the Friday file, and through our coaches and Library Techs.
- 3. The GSSD Centralized Library coordinates a summer reading initiative. GSSD school libraries open in the summer to allow families access to books and to promote literacy and learning. We also partner with the Parkland Regional Libraries to have a summer reading contest. Last year's winner received a \$300 shopping spree to Indigo.
- 4. GSSDs three library mentors work with the Library team to support Library Techs and the working of the libraries. They oversee the EDSBY Library Tech group where resources and ideas are shared.
- 5. Library Techs work in school libraries to share books and resources with students and teachers to promote the library, literacy, and the love of reading.
- 6. Teachers also have access to digital resources provided free from the Ministry of Education through Destiny software. Platforms such as ROVER (National Film Board, Curio), Britannica Online, Gale (research platforms). The Centralized Library has 300 eBooks and audiobooks.
- 7. We are continually working on our collection purchasing up to date resources that support curriculum and instruction and promote diversity and inclusivity.
- 8. The GSSD Centralized Library uses Follett/Destiny software which allows all our libraries to share resources.
- 9. GSSD Centralized has a courier service to distribute materials to schools on a weekly basis. Dan Pengilly makes runs each week so that library requests can get to teachers quickly.
- 10. Sheila Tillman oversees the Centralized Library. She circulates resources to all the schools in the division. She often creates displays to promote and recognize special events. Recently, during Early Childhood Education month, she highlighted resources form our library to support learning in that area.

The Board was curious to know if all schools within GSSD open their libraries during the summer months. Robertson responded by saying that Summer Reading programs will be promoted by each school. If schools are unable to open their school during the summer, they may encourage students to take multiple books home prior to the end of June.

Advocacy Session

Member Legislative Assembly

Mr. Warren Kaeding, MLA for the Melville-Saltcoats Constituency, and Mr. Greg Ottenbreit, MLA for the Yorkton Constituency, joined the Board for an Advocacy Session; Mr. Terry Dennis, MLA for Canora-Pelly, and Mr. Hugh Nerlien, MLA for Kelvington-Wadena were unable to join.

Director of Education/CEO Robertson began the advocacy session by reviewing GSSD's Foundational Statements, Strategic Plan, and Aspirational Statements. While reviewing the Board of Education Budget Framework, Robertson shared that the Board and Division strive to prioritize advocacy to build and strengthen partnerships. Robertson continued by saying that GSSD values principal decision making, equitable staffing, targeted supports for Indigenous students and students in vulnerable circumstances.

Robertson and CFO Gervais, provided a synopsis of the 2022-23 budget:

- ✓ Projected Enrolments
 - 5,590.75 Prekindergarten to Grade 12 student full-time equivalents (FTEs) plus 97.50 FTE home-based students for 5,688.25 FTEs (a decrease of 14.25 students from September 20, 2021)
- ✓ Revenues
 - \$89.05M includes \$9.44M capital grant for YRHS major capital project
- ✓ Full Time Equivalents
 - Administration 19.68
 - School-based instructional 366.26
 - School-based support 241.45
 - Facilities 61.28
 - Transportation 112
 - Complementary Services 14.3
 - External Services 3.0

During the session, the group engaged in conversation regarding the challenges faced by the Division due to inflationary pressures in areas such as support staff cost of living and teacher grid step increases, fleet insurance, bus parts, fuel, software, utilities, and carbon tax.

At the close of the advocacy session, Robertson thanked the MLAs for listening, for their questions and answers, and for the support they provided which brought the YRHS major capital project to fruition.

Good Spirit Education Complex Grand Opening

The Board of Education officially marked the grand opening of the Good Spirit Education Complex (GSEC) on June 16, 2022. The GSEC staff moved into phase one during August of 2019 however, due to the restrictions imposed by the COVID-19 pandemic, the gathering was delayed.

Patrick Morrison, Facilities Manager, presented a Journey to GSEC slideshow highlighting the amalgamation of Divisions in January 2006 and the consolidation of non-school facilities in GSSD during 2019.

Director's Report Board Policy Review

The Director and Board of Education, as part of their annual work plan, review all policies and appendixes each year, revising these policies as the Board sees fit.

There were no revisions required in <u>Board Policy 18 – Community Partnerships</u>. To access all Board Policies, visit gssd.ca > Board > Board Policy Handbook.

Proposed 2022-23 Meeting Schedule

Executive Services Supervisor Heather Morris provided Trustees with a tentative 2022-23 Regular Board meeting schedule: October 6, 2022, November 17, 2022, December 15, 2022, January 26, 2023, March 2, 2023, March 30, 2023, May 4, 2023, June 15, 2023, and August 17, 2023. The meeting dates will be reviewed and confirmed during the Organizational Meeting in August 2022.

Proposed SSBA Bylaw Amendments

The Saskatchewan School Boards Association (SSBA) Executive provided Trustees with the proposed SSBA Bylaw Amendments. There are numerous proposals, but the Executive deems them to be of a "housekeeping" nature therefore substantial changes will not occur.

Board Survey Review

As part of the GSSD Board annual self-evaluation, Trustees complete a survey questionnaire each August. The Board agreed that they value the survey questions and have requested that Senior Administration allow time during the August 18, 2002, Regular Board meeting for Trustees to complete and review of the results.

Financial Update

Chief Financial Officer Keith Gervais presented a detailed financial update to the Board of Education. Revenues associated to facility rentals, cafeteria, and the Yorkton Regional High School Major Capital project are projected to be under budget. Overall expenditures are expected to be on track with the budgeted amounts.

Currently, Facilities is working on replacing the roof at Grayson School, boilers at Kamsack Comprehensive Institute, Victoria School gym ventilation system, as well as the roof and entry way at Melville Comprehensive School.

Morrison was pleased to report that the staffroom cabinetry at Macdonald School and the main entrance exterior doors at Saltcoats School have been complete.

The YRHS Major Capital project is underway with the start of construction in the A-wing classrooms, crawl space and basement. The scope of the project includes:

- Complete HVAC system replacement not including PAA shops;
- Roof replacement remaining sections 25 years of age or older;
- Replacement of all windows and associated cladding; and,
- A-wing classroom refresh paint and floor.

Morrison complimented Westridge Construction for their excellent collaboration on this project. They plan to have 80-90 people at the construction site over the summer.

Beginning in July, Chad Rennie, Facilities Coordinator, and Morrison will conduct Preventative Maintenance Renewal inspections in each school. The results from the inspection will be used to create new service requests and assist with project creation and prioritization.

Facilities Tour

Sturgis Composite School is a Kindergarten to Grade 12 school with an enrolment of 160 students as of September 30, 2021.

The school was originally built in 1953 and received the following additions:

- 1963 Gymnasium and Practical Arts
- 1964 Additional Classrooms
- 1978 South Classrooms and Multipurpose Student Centre
- 1987 Entrance, Administration Offices and Library

In 2017 Sturgis High School and Sturgis Elementary School were consolidated into one Kindergarten to Grade 12 school, Sturgis Composite School. The original building was built in 1966 and used to hold over 400 students including a room and board complex for students who lived at the school during the week. Immediately prior to consolidation, the former school had an enrollment of only 78 students in grades 5-12 and the whole second floor was decommissioned. Since consolidation the second floor has been renovated to accommodate the high school classes, the south end of the school has become the elementary wing, with the main floor east wing housing the middle year's classes, science lab and computer lab.

The following projects are planned for the future:

- Wall/Roof Repair 2021/22 (scheduled during the summer)
- Phone System -2023/24
- Boiler Replacement 2024/25
- Roof Replacement in two sections 2024/25

Morrison acknowledged the past Facilities Team, School Staff, Division Staff, SCC members, Board members and everyone else involved for the amazing work on the consolidation renovation project. They restored an aged and underutilized building into a facility the community can be proud of for years to come.
