

STUDENT ACKNOWLEDGEMENT OF ENROLLMENT IN AN ALTERNATIVE EDUCATION PROGRAM

Student Name: _____ Date of Birth: _____

School: _____ Grade: _____

The school team met with me and reviewed my school history. We talked about the supports I have received throughout my learning. This included any interventions, changes to my programming, and assessment.

The school team has discussed the following information and I understand why the placement in Alternative Education has been made. This includes:

- The reason for placement in Alternative Education
- The difference between Regular, Modified, and Alternative Education Programs
- Differences between a Regular and Alternative Grade 12 Diploma and how this will affect going to college, university or a trade school
- How the program is delivered, assessed, and evaluated

I, _____, understand
(*student's name*)

why Alternative 18, 28, and 38 level courses have been recommended and that they may not meet the admission requirements for post-secondary education.
